LOS ANGELES, FRIDAY MORNING, OCTOBER 23, 1874.

NUMBER 23.

Los Angeles Herald.

Is Published every morning except Monday by THE LOS ANGELES CITY AND COUNTY PRINTING AND PUBLISHING CO.

OFFICE—Herald Steam Book and Job Printing House, Spring street, opposite the Court House.

TERMS: Per annum, by mail or express, single copy, 50 cents; Six months, \$2.50; Three months, \$1.50; Delivered by carriers, per week, 25 cents.

THE WEEKLY HERALD

Is published every Saturday morning. One year, by mail or express, single copy, 50 cents; Six months, \$2.50; Three months, \$1.50.

Advertisements inserted at reasonable rates. All kinds of Job-Work done to compete with San Francisco in Price, Style, and Elegance of Workmanship.

Pacific Coast Items.

Ann Eliza Young has found relatives in Sacramento, an own uncle of hers, with his family, residing in the northeast part of the city.

According to the Trinity Journal, a letter mailed to Lewiston, in that county, on the 3d day of December, 1873, was received last week.

The Colusa Sun says that the only patent in the Culp process of curing tobacco is hanging it to dry at an angle of 45 degrees instead of in a perpendicular position.

Mr. Peterson, of San Jose, has contracted to furnish Ralston & Sharon 2,000,000 brick, to be used in the construction of the Palace Hotel in San Francisco.

Says the Benicia Tribune: "The venerable structure, familiar to all Old Benicians as the Sawyer House, built in 1858, is succumbing to the ravages of time and improvement."

The work of surveying and laying out the streets of Silverado, seven miles south of Calistoga, is progressing under the supervision of Deputy U. S. Surveyor Wilson.

It appears that Santa Clara, Tulare and San Joaquin counties have the lowest tax levy of any in the State. Marin comes next, while Calaveras is more than double each of the three first-named.

The Visalia Delta says the Grangers in the western part of the county are circulating a petition to Congress to define by an appropriate act the status of the railroad lands lying in that part of the county.

According to the San Mateo Gazette, woodmen who cut redwood anticipate an active demand for that article next year. It is used in brick-burning, and that industry is expected to largely increase the consumption of redwood.

There was a meeting at Monticello on Saturday of those interested in the construction of the contemplated railroad from Vaca Station to a point some fifteen miles from the town of Monticello.

Charles Moore of Pope valley has bought the line of stages from St. Helena to the above-named valley, formerly owned by Horace Swartz. It is the proprietor's intention to run a tri-weekly line.

Everybody is wondering why the BAZAAR is selling their goods so cheap. The reason is they must clear out the stock of summer goods to make room for the immense stock of Fall and Winter goods which they will soon receive.

The BAZAAR is now giving 12 yards Best American Prints for \$1. Also, six yards 4-4 French and American prints for \$1. At the corner of Main and Requesa streets, opposite the U. S. Hotel.

NEW ADVERTISEMENTS.

FOURTH ANNUAL FAIR!!

Southern District Agricultural Society, Commencing on Monday, October 26th, and ending on Saturday, Oct. 31st, 72.

At Los Angeles, Cal.

FIVE DAYS RACING!! During which there will be some of the most sup. 25 contests ever seen in Southern California, and for which a large number of noted stallions and horses of San Francisco and Southern California have been entered.

THREE THOUSAND DOLLARS Having been spent on the track during the past six months, and it is now one of the smoothest and fastest in the State.

ON FRIDAY, OCTOBER 30TH, There will be a Ladies' Riding Exhibition and California Sports.

Prior to this there will be a fine exhibition of all the horses at the track. There will be no races or pool selling, but the trotting horses will be exhibited on one track, speeded one way and the running horses will be speeded on the inside track in a reverse direction.

On Wednesday night, Oct. 28th, There will be a Ball at Turn-Venue Hall, dancing to commence at 8 o'clock. There will be a band of 6 pieces. This will be the finest ball ever given in Southern California.

The Fair will be open every day and evening at the track, with a full band of music each evening.

ADMISSION: TO RACES, each person, 50 cents. TO RINK, 25.

Ladies admitted to Grand Stand free. Season Tickets, each person, which admits to all the races and to the rink, will be sold at each evening, and to Ladies' Riding Tournament, Five dollars.

Admission to Ball, for each gentleman and all the ladies he can bring, Three dollars. There will be music at the Park and at the Fair each day and evening.

Special Notice, 1—Owing to circumstances which it is unnecessary to again mention, there will be no premiums given on stock this year.

2—By application to the Secretary space will be given to all who wish to exhibit their articles of invention, manufacture and production, and wares, and goods of all kinds, at the rink. Space and good light will be given free; but as is now the custom in San Francisco and other leading cities, no premiums will be given, or which the directors of 27 leading firms declare gives great satisfaction.

On Monday evening, Oct. 26, the President will deliver his address. On Thursday evening, Oct. 29, the awards for the best penmanship, writing, composition, drawing, and for the best original poem, will be made, as follows:

Best specimen penmanship, \$10. Best specimen of original composition, 5. Best specimen of drawing, 10. Best specimen of writing, 10. Best original poem, 15.

The exhibitors to be in all cases pupils of the public schools of the district, either males or females, and that in all cases a certificate from the teachers accompany each effort.

Racing will commence each day promptly at 1 o'clock. Season tickets will be printed, marked and counted to the Secretary, on the 17th of October, and will be for sale at Mr. Brodick's, at San Helms, at Mr. H. Fishman's, at the Fashion Saloon, at all the Hotels, and at the Secretary, at the Star office. Oct 20.

In the Indiana Legislature the Democrats have a majority of one on joint ballot, which gives them the United States Senator. Morton predicted this result, even while the administration papers were claiming ten to fifteen majority.

SENATOR MORTON of Indiana, who has until lately been the steadfast friend of the President, has experienced a change of heart, and now says that "for the past two years the nation has been cursed with the worst administration ever known in its history." The President's friends are endeavoring to save themselves.

AN exchange thinks "the signs of the times indicate a dissolution of the old parties." The elections that have just taken place in the East do not evince a very strong determination to "dissolve" on the part of the Democratic party. For a dead concern, whose obituary we have been reading for the past fifteen years, the "grand old party" is certainly quite lively.

MR. CROCKER'S railroad party left this city at 6 o'clock yesterday morning for San Francisco, where they expected to arrive at noon to-day. They went the overland route, taking a special train to San Fernando, thence by extra stage to Bakersfield, where they will go on board their private car and speed away for the city. If they make the time proposed, it will be the quickest trip ever made overland between Los Angeles and San Francisco.

The Herald this morning makes one of the most shameless exhibitions of unprincipled journalism we have ever seen called upon to notice.—Evening Express.

We presume our little contemporary refers to our exposure of how it lived by the contributions of the Republican County Committee and then supported—on principle, of course—a Democratic candidate. It was a "shameless exhibition of unprincipled journalism," but we hardly expected the little trimmer would acknowledge its dirtiness.

The amount of work being done on Temple and Olive streets is immense, and must cost a considerable sum of money each week. By the time he has completed the task in hand, Mr. BEADY will have paid out four or five thousand dollars and increased the taxable property of the city at least fifty thousand dollars. What with street grading and the laying of water pipes, Mr. BEADY will increase the value of hill land lots from five to twenty fold. Gentlemen who purchased lots in that part of the city several months ago for a few hundred dollars now hold them at more than double the price paid.

The Illinois Grangers are curious to know what has become of the \$250,000 that accumulated at the headquarters of the National Grange in Washington during the past two years. The money is the amount paid for dispensations, at \$15 each, for the establishment of subordinate Granges. The person in whose hands the money was placed—a Mr. KELLY, a Patron—was regarded as safe; but it is now suspected that he has invested the whole amount on his own account, and it is feared that he has so managed it that but little if any of the money will be recovered. The report is not confirmed, and it is possible that the case is not as bad as some rumor paints it.

More Railroad.

In addition to the railroad extensions already enumerated which the visit of Messrs. CROCKER and COLTON have rendered certain in this part of the State, we have now to add the probable extension of the Anaheim branch some eight or ten miles beyond the town of Anaheim. We are not informed of the fact, but suspect that the Anaheim branch will continue on beyond its present terminus until it strikes the water. If this track is extended South of Anaheim, it will give to the valley a road nearly forty miles in length, running through one of the richest sections of country that ever felt a plowshare—a country of mammoth vegetable products and a soil that time cannot wear out.

Demand for Alden Raisins.

Last evening, Mr. GEO. B. DAVIS, proprietor of the Alden Fruit Drying Factory in this city, received a letter from General DEITZLER, President of the California Alden Fruit Drying Company, in which the General says the local demand for the Alden manufactured raisins more than equals the supply. There are now, we believe, fifteen of these evaporators in operation in this State, turning out an average of one ton each of raisins per day, yet the San Francisco market is not supplied. General DEITZLER writes that they have daily orders from the East for the Alden raisins, but not a single order has been filled up to this time, nor is it probable any considerable quantity of those raisins will be sent across the continent before the opening of next season. This speaks volumes for the Alden process, and is very encouraging to the grape growers of the State in general, and to those of Los Angeles valley in particular. The finest grapes of all qualities are grown here, and in quantities so abundant as

to astonish all new comers. The time is not far off when we shall have a number of Alden raisin factories located in different parts of the valley, each of which will be turning out tons of raisins per day.

The "Express" Slanders the City.

The Evening Express is fearful that the Herald's statements concerning the condition of the Water Company's reservoir, will injure the reputation of our city abroad. We do not think it will, because as soon as the discovery was made that its informant had mistaken an old and unused reservoir for the one out of which the company is supplying the city's water, the Herald with its usual candor and frankness, and in accordance with its wish to do no one an injustice, corrected the error and explained the mistake. In the case of the Herald the correction follows the statement. The Express pursues a different policy. In a malicious, vicious, though impotent attempt to injure a respectable citizen whose only fault is that he is not the ring's, and consequently not the Express' candidate for Mayor, the unscrupulous little trimmer, that is solicitous for the city's reputation abroad, asserted that the scarletina was filling our cemeteries with the graves of little children. The statement was a fabrication—almost without the shadow of foundation—and was denounced as false by nearly every physician in the city. But the Express has shown itself wanting in the manhood to correct its misstatement—and our exchanges contain numerous paragraphs warning parents not to visit Los Angeles, as the Express says the town is full of unabated nuisances, and in consequence the scarletina is an epidemic among the children. There is no doubt but that our little contemporary is very solicitous about the reputation of the city abroad.

A CORRECTION.

EDITOR HERALD: I see in your article entitled "Trapped," published in yesterday morning's Herald, a statement that while in performance of my late duty as Health Officer, I laid back the City Council a collection of shells, periwinkles, etc., taken from a pipe of the Los Angeles City Water Works. I deem it due to myself, as well as the City Water Company, to state that a small collection of such shells, etc., was handed me by a gentleman living in the southwestern portion of the city, who stated that it was taken from the pipe at his residence; that this collection was incidentally and privately shown to a few individuals, among them two or three members of the Council, and left for a short time at the Mayor's office, but was not officially laid before the Council, for the reason that I immediately investigated the cause of complaint, examining carefully the condition of the reservoir, the system of supply and the relief of the pipes at the extremities of the system, and found nothing to justify me in reporting the case to the Council. At that particular time the company were laying new pipes in that part of the city and unavoidably interfered with the free flow of water through the already established pipes. This, to me, accounted for the unusual accumulation of shells, etc., there. Afterwards I heard no special complaint concerning the water.

The reservoir found in excellent condition, located in a gulch at an almost inaccessible point, carefully guarded by a man employed by the company, who, with his family, reside but a few yards distant. Neither was stock allowed to frequent the place, nor boys to bathe in it. The water in the reservoir was kept fresh and always in motion by a constant supply from the river and springs above and an escape pipe at the bottom always regulating the depth to about twenty-five feet. The water supplying the city, before entering the pipes, had to pass through a system of fine screens, so that no living animal of any size or other matter than unavoidable sediment could gain admittance into the pipes. In view of all these facts, I had no occasion to report dereliction of duty on the part of the Water Company to the Council; otherwise, it would have been promptly done.

J. H. MCKEE, M. D.
Late Health Officer.
Los Angeles, October 23d.

LETTER FROM COMPTON.

EDITOR HERALD: Your numerous readers are doubtless anxious by this time to hear something more from Compton. Well, we can report progress from this locality. Since my last, several fine flowing wells have been obtained in this neighborhood, and others are under way. Some lands have changed hands at fair prices, and considerable improvement in the way of houses and barns is noticeable among the farmers; also a much-needed change is being made at the depot. The building heretofore used for that purpose has been moved to the other side of the railroad track, and enlarged and fixed up generally, in quite a commodious style. Farmers have already commenced gathering the corn crop, which promises a good yield, in some instances more than one hundred bushels to the acre. The next two months will be a very busy season for the farmers of this locality.

Our Lyceum has been re-organized and is now in successful operation. We meet every Friday evening at 7 o'clock in the school-house, which is generally well filled. The next question for discussion is, "Resolved, That real estate alone should be taxed;" so those large land owners who have not been paying their just proportion of taxes had better look sharp.

Our new preacher has arrived, and so far gives very general satisfaction. We hope he will be successful in raising the standard of morals among the Comptonians.

Under the head of improvements, we forgot to state that Mr. Bice, formerly of Monterey county, was married to Miss Sarah Ann Rogers of Compton. The ceremony was performed by Rev. M. M. Boyard, Pastor of this charge, who holds himself in readiness to perform like services for all who may wish to take the "chances" of such a change.

NEW YORK, October 22d.—Martial law prevails in Sumpter county, Alabama. Arrests are being made by the military without warrants.

There is a steady demand in the Boston market for all kinds of wool. California is arriving more freely, at 20c to 28 cents.

London dispatches give full accounts of the terrible storm in the north of England, and the steamer Chusaw was driven ashore and fourteen of her crew drowned. Great loss of life by the same storm is reported in other quarters.

About sixty German bondholders have petitioned the U. S. District Court that the California Pacific Railroad be declared bankrupt.

How Jimenez Escaped.

NEW YORK, October 21st.—A letter from Havana dated the 10th, says that Lorenzo Jimenez is condemned to death; but he claimed American citizenship and had his sentence commuted. He leaves to-day for Spain.

From Buenos Ayres.

NEW YORK, October 21st.—Rio Janeiro advices from Buenos Ayres state that an engagement had occurred between the troops and insurgents. The latter were defeated and their commander, Plata, taken prisoner. Large rewards are offered for the capture of the rebel steamers. One has left Montevideo towing vessels loaded with arms and ammunition.

The Campaign in Virginia.

CHICAGO, October 20th.—The Secretary of the Republican National Executive Committee writes a letter to Judge Morton, of Richmond, calling upon Messrs. Smith and Burgess, contending Republicans, to withdraw and leave the field to some prominent and able man, upon whom all the Republicans of the District can cordially unite. The officer writing the letter urges, as a reason for this measure, the losses sustained by the Republican party in the recent elections. It is thought that neither candidate will heed this advice; but in any event, the election of the Democratic candidate as a successor to Governor Walker is quite generally conceded.

Becher-Tilton.

NEW YORK, October 20th.—A motion was made yesterday by the counsel for Rev. Henry Ward Beecher, in the City Court, Brooklyn, that Theodore Tilton should be compelled to furnish a bill of particulars of the damages which he charges in his complaint. Judge Neilson remarked that the application for a bill of particulars in such a case was rather extraordinary, and that damages should hardly be rendered in item. He then signed an order to show cause, making it returnable on Thursday morning.

Telegraph Contract.

NEW YORK, October 20th.—To-day terminates the contract under which the Atlantic and Pacific Telegraph Company has used the Western Union Telegraph Company's facilities to make a connection between the opposition wires at Chicago and the Union Pacific Railroad wires at Omaha. After the opposition will be confined to a single wire between those points, and whenever this is interrupted they have no other to replace it; whereas, when their Western Union wire was down they were promptly furnished with another from the ample facilities of the Western Union Company. The knowledge of this changed condition of affairs is important, as the breaking of the telegraph as not care to trust messages to the accidents of a single wire line.

SAN FRANCISCO.

Weather—Rainy—Murder Trial—Morgan's Sons.

SAN FRANCISCO, October 22nd.—The weather to-day is cloudy and cool, with a prospect of more rain before night. The storm last night did not interfere with work on the Palace Hotel.

It is feared in sporting circles that the race announced to come off to-day at the Bay District Park will have to be postponed. With the exception of Foster, an Oregon horse, no other entries for the great \$25,000 running race have been announced.

The trial of Corbett, for the murder of J. H. Fleming, was held to-day in the Twelfth District Court. Complications arising out of the failure of Morgan's Sons are becoming more serious daily. There are many farmers in the city who desire to know how much they can save by how much they have lost. The representative of the firm remains extremely reticent. The probable real extent of the obligations is not yet fairly known in any quarter outside of the firm itself. The failure continues to be the absorbing topic in mercantile and commercial circles.

Judge McKean and the "Herald"—Cannon not yet Arrested.

SALT LAKE CITY, October 19th.—On Sunday morning the Salt Lake Herald published an item from the Virginia City (Nev.) Independent, commenting upon the charge of Judge McKean to the Grand Jury to look after the disposal of vast tracts of lands and vast forests of timber by the Territorial Legislature says: "What will be done with them after they have been inquired into we do not know, unless, indeed, with the accommodating spirit for which the Chief Justice of Utah is so remarkable, he appropriates them to his own use and profit, as he did the Silver Shield and a couple of other mines." This morning the Chief Justice called the Grand Jury into the Court-room and read this item to them, which he called upon them to investigate, and if found to be false, to indict the editors of the Herald for libel.

George Q. Cannon is out upon the streets to-day, and shows no disposition to run away. If he has been indicted for "lascivious exhortation," as was telegraphed from here several days ago, the officers seem to be dilatory in making an arrest. R. N. Baskin will make his seat in the next Congress as Delegate from this Territory.

Suicide at Grass Valley.

GRASS VALLEY, October 19th.—Jas. A. Farrell, an old and well known resident of this vicinity, committed suicide at his room last night by shooting himself through the head. He was found this morning lying in bed with a ghastly wound in the right side of the head, and a Colt's five-shooter lying on the right side of the bed, with one chamber empty. Last Wednesday he made out his will. Doubtless he contemplated the act for some time.

A dispatch from Garrota says that on the 16th a steamer named Trinidad, from Sanja, who had been driving a team for Miguel Burke, while returning from a trip to Santa Ynez Mission ran over an embankment, the wagon falling on him. When found by parties who went in search of him he was dead.

NOTICE.
THE DELINQUENT LISTS of the various
counties of the State, for the 24th and 25th
of each year (1872-1874) are now in my
hands for collection. Many persons are de-
linquent for amounts of money, and are now
in the hands of the Tax Collector of their respec-
tive counties and are urged to settle their ac-
counts. The law is imperative, that the pay-
ment of the State tax for these years must be
enforced, and unless payment is made at once,
heavy costs will be incurred by the delin-
quents, and the State will be compelled to
seize and sell their property.
